Safety Data Sheet

01 Chemical Product and Company Identification

| Product Name | Three
| Product Use  | Low Temp Sanitizer
| Product Code | 3512
| For Medical Emergency | Call 'Chemtrec' 1-800-424-9300
| Supplier's Information | Santec Inc.
| | 1420 East Linden Avenue, Linden NJ 07036

02 Hazards Identification

GHS Classification: 1. Skin - Category 1A  2. Eyes - Category 1

Signal Word: Danger

Hazard Statement: Causes eye and skin burns. Causes respiratory tract irritation. Harmful if swallowed.

Acute Effects

Eyes: Corrosive to eyes. Causes burns. Inflammation of the eye is characterized by redness, watering and itching.

Skin: Corrosive to skin. Causes burns. Skin inflammation is characterized by itching, scaling, or reddening.

Inhalation: May give off gas, vapor or dust that is very irritating or corrosive to the respiratory system. Exposure can cause coughing, chest pains and difficulty in breathing.

Ingestion: Harmful is swallowed. May cause burns to mouth, throat and stomach. Ingestion may cause erosion of mucous membranes and perforation of the esophagus of stomach.

Chronic Effects

Carcinogenicity: No known critical effets or citical hazards.

Product /Ingredient Name: Not available.

03 Composition/Information on Ingredients

Name of Hazardous Ingredients | Sodium Hypochlorite
| CAS No. | 7681-52-9
| WT.% | 10-13

04 First Aid Measures

Eye Contact: Check for and remove any contact lenses. Flush with large quantities of water, holding eyelids open for 15 minutes. Seek medical attention immediately.

Skin Contact: Wash skin with copious amounts of water. Seek medical attention immediately.

Inhalation: Remove to fresh air. Seek medical attention immediately.

Ingestion: Do not induce vomiting. Drink copious amounts of water. Seek medical attention immediately.

05 Fire Fighting Measures

Suitable Fire Extinguishing Media: Use water spray, fog or foam

Specific Hazards Arising from the Chemical: In a fire or if heated, a pressure increase will occur and the container may burst.

Hazardous Thermal Decomposition Products: Decomposition products may include following materials; Carbon Dioxides, Carbon Monoxides, Hazardous gases. Hydrogen chloride (HCl), Chlorine gas.

Specific Fire-Fighting Methods: Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training.

Specific Protective Equipment for Fire-Fighters: Fire-Fighters should wear appropriate protective equipment and self contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

06 Accidental Release Measures

Spill Clean Up: Put on appropriate personal protective equipment (see section 8). Stop leak if without risk. Move Containers from spill area. Dilute with water and mop up if water-soluble or absorb with an inert dry material and place in an appropriate waste disposal container. Dispose of via a licensed waste disposal contractor.

*NOTE: Hazard Determination System (HDS) ratings are based on a 0-4 rating scale, with 0 representing minimum hazards or risks, and 4 representing significant hazards or risks. Although these ratings are not required on SDSs under 29 CFR 1910.1200, the preparer may choose to provide them. HDS ratings are to be used with a fully implemented program to relay the meanings of this scale.
Physical State: Clear liquid
Color: Pale Yellow
Odor: Chlorine
pH: 12.5-13.0
Flash point: >100°C (212°F)
Explosion limits: Not available
Flammability (solid, gas): Not available
Melting point: Not available
Boiling point: >100°C (212°F)
Evaporation rate (butyl acetate = 1): Not available
Vapor pressure: Not available
Vapor density: Not available
Relative density: 1.15-1.20 (Water = 1)
Solubility: Easily soluble in the following materials: cold water and hot water
Partition coefficient n-octano/water: Not available
Auto-ignition temperature: Not available
Decomposition temperature: Not available
Odor threshold: Not available
Viscosity: Kinematic (room temperature): ≤10 cSt (CPS)

Safety Data Sheet

07 Handling and Storage

Handling: Put on appropriate personal protective equipment (see Section 8). Do not get in eyes or on skin or clothing. Do not breathe vapor or mist. Do not ingest. Keep in the original container or an approved alternative made from a compatible material, kept tightly closed when not in use. Do not reuse container. Wash thoroughly after handling.

Storage: Store between the following temperatures: 4.44 to 48.9°C (40 to 120°F). Store in accordance with local regulations. Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials (see section 10) and food and drink. Separate from acids. Keep container tightly closed and sealed until ready for use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabeled containers. Use appropriate containment to avoid environmental contamination.

08 Exposure Controls/Personal Protection

<td>Sodium Hypochlorite</td>
<td>AIHA WEEL STEL 2mg/m³</td>
</tr>
</tbody>
</table>

Personal Protective Equipment (PPE)

Eyes: Splash goggles, Face shield.
Skin: Use synthetic apron, other protective equipment as necessary to prevent skin contact.
Body: Face shield, full suit, vapor respirator, boots and gloves.
Respiratory: A self contained breathing apparatus should be used to avoid inhalation of product. Be sure to use an approved /certified respirator or equivalent.

10 Stability and Reactivity

Stability: The product is stable.
Possibility of hazardous reactions: Under normal conditions of storage and use, hazardous reactions will not occur.
Conditions to avoid: No specific data.
Materials to avoid: Reactive with oxidizing agents, organic materials, metals, acids, alkalis.
Hazardous decomposition products: Under normal conditions of storage and use, hazardous decomposition should not be produced.
